

The Scots College OOSH Advertisement and Social Media Request and Consent

Dear Families,

As we aim to provide and withhold community engagement and high standards, this would be a great way for The Scots College OOSH family to oversee our centre, observe learning experiences and connect with each other on a public platform.

The Scots College OOSH and parent company Keyorris request public social media pages where posts including photos and/or videos are published, based on the children's experiences and centre events. The Scots College OOSH will always prioritise children's confidentiality and will ensure that photos posted are learning based and taken with consideration to each child.

The purpose of our social media pages is to provide our families with another communication tool, where they can view their children's learning as well as the centre events. The Scots College OOSH will also use the page for advertising purposes—reaching the wider community.
